This document has the questions that can be sent out, if Jeaneanne is ok with them. The other document is only background and for internal use only.

I'll be in the office by 10:00 (reminder **Ex. 6 Personal Privacy (PP)**) and will help sort out. I believe the documents sent by Mary Jo are for internal use only, but I'll locate and send the questions that can be forwarded when I get to the office. Tom

Are these OK to send to Herschel? He just want questions from us so he can use them to lead the discussion. I'll go thru them.

Jeaneanne -

Attached are the two talking point documents from the Wetlands program (main with opening remarks, "back pocket" info on participants & two topics). There was some back and forth

regarding the ESA language so I included emails from Tom and Phil. The opening remarks are brief, however, I wanted you to look over them first and let me know what additional information you need.
